Earth Day in the Park

Please join us this Sunday to celebrate Earth Day. We will be gathering in City Park and the Willits Community Center for Music, Speakers, Dancing, Cool Gadgets, Important Information, and Bake Sales. If the weather is particularly wet, we will pull everything into the Community Center and celebrate indoors.

Noon to 6:00 pm – 111 East Commercial - Rain or Shine!

Changes at the WELL

Two members of the Coordinating Committee sent the following notices to the Committee:

Sun, 15 Apr 2007

Committee,

After a long and thoughtful review of my time allotments, and the value returned by those efforts and contributions, I am requesting support from the Coordinating

Committee to follow endeavors that motivate my intellect and interest in community issues with independent research and writing, my passion.

I extend my gratitude to the Committee for its support over these many months and extend best wishes in all future endeavors and look forward to seeing you all in community.

I respectfully step down from positions, obligations, and responsibilities from Earthmind and WELL.

Sincerely,

Rachel Olivieri

Wed, 18 Apr 2007

Dear Coordinating Committee,

I feel honored to have been elected onto the Coordinating Committee and had the opportunity to work with the group. It is my position that working on the committee is not a productive and rewarding environment for me at this time. Due to this I feel it is best to resign my position on the committee.

I wish you all well and success in your endeavors.

Have a great day,
Elizabeth Armstrong

In addition, as you may have noticed, Liam UiCearbhaill has assumed the staff duties for WELL. He will be in the office 30 hours per week and invites you to call, e-mail, or drop by on any business you think WELL should be involved in.

WELL wants new quarters

We are looking for new office space. REDI's other programs are expanding and they have asked us to look for other facilities with a target of moving by the end of June. If you know of office space that would be appropriate for WELL, please contact Liam at the office.

Update on the Merge

In the Coordinating Committee meeting this week the Committee unanimously agreed to recommend that the distinction between Working Members and Subscribing Members be eliminated. This will be one of many recommendations included in the proposal to be voted on in June. We also invite your involvement. If you would like to be part of the committee considering the merge between Earthmind and WELL, or if you don't have the time for meetings but do have ideas, please contact Liam at the WELL office (459-1256) to get connected.

Somebody is moving

Today we got this message from Brenda Orenstein

Hi WELL,

Wanted to give you all a heads-up. Ron and I are selling our 1/3 acre property with 2,000 sq.ft house and shop in town on west side. Some of you have already seen our home and the great space of fertile soil for gardening. So, if you know of anyone that might be interested in cultivating a garden and living in a happy home.....please spread the news.

New roof and double pane windows were installed 8 years ago. Exterior is freshly painted, well almost, waiting for the rain to stop. New large deck installed last summer with wonderful spaces in home.

Hope this wets somones appetite.

Brenda O.

PS No we are not leaving town!
